Dear Garry

Testimonial - Sage Act Pro Training by 1st Computer Consultancy

I just wanted to thank you for a quite excellent training session you recently gave me.

I was thoroughly impressed at how you were able to design your training to meet my needs exactly and to make the training personal to me.

It was expertly and professionally delivered and I would be pleased to thoroughly recommend you to any individual or company who is looking for such training.

I have subsequently found your training to be very beneficial at work as I have put into practice the training and knowledge you gave me.

I have no hesitation in recommending you whatsoever to anyone in need of such training.

Yours sincerely

Ian Lamaison
